SECTION 2

Architectural Description

General Architectural Description:

The building at 501 E Marvin Ave is a two-story single-family house built in 1907, according to county appraisal district data. The property was originally built for residential purposes, and its use remains unchanged. The primary exterior material is wood. The house exhibits architectural elements typical of the National Folk tradition, a domestic architectural expression that utilized building materials that could be purchased at lumberyards supplied by the growing railroad network in Texas during the nineteenth and early twentieth centuries. The center-passage plan features a central hallway that is flanked with one room on either side, a plan type that was popular in Texas through the early twentieth century. The windows are double-hung with wood sashes. The building has a single-door primary entrance with a wood doorway and frame. Door feature(s) include the following

Alterations/modifications

Alterations: New screens over historic windows Additions: Side addition

Relocated, specify date, former location and information of interest:

Classification

Type	Plan	Stylistic Influence
Single-family house	Square plan hipped-roof	National Folk
