**SECTION 2**

**Architectural Description**

**General Architectural Description:**

The building at 511 Water St is a two-story single-family house built about 1905, as estimated by field personnel based on its physical characteristics. The property was originally built for residential purposes, and its use remains unchanged. The primary exterior material is wood. The building's style is indicative of the Classical Revival movement, which was popular during the early twentieth century and relied on forms and detailing associated with Greek and Roman architectural traditions. The building's distinctive modified L-plan form includes an irregular building footprint with a hipped roof and projecting gable roofs on the front and side. The building has a hipped roof with gable. The windows are double-hung with wood sashes. The building has a single-door primary entrance with a wood doorway and frame. Door feature(s) include the following: transoms. Porch feature(s) include the following: classical columns.
